

# Additional Information: Peer-to-Peer FUNdraising

A new feature this year is that donors can create peer-to-peer FUNdraising pages! These pages will allow donors to activate their networks and to fundraise on your organization's behalf. Each of these FUNdraising pages require the nonprofit's approval before they go live on the website. To approve FUNdraising pages, simply login, go to the "My Organization" section and select the "FUNdraisers" tab.

When an individual creates a page for your organization, they will appear in your portal under "FUNdraisers" tab, in "FUNdraisers to be Reviewed" section. From here you will click "view" and approve or decline the page.

Title	FUNdraiser Creator Name	Goal (\$)	Start Date	End Date	FUNdraiser Status	
Let's Go Anchor Center	Cathryn McClellan	\$500.00	05/14/2018	09/21/2018	Submitted	view

When you click "view" on a pending FUNdraising page, this screen will appear. From here you are able to review who the donor is, their mission statement, their stated goal, and other information they provide for their FUNdraising page.

Once you have reviewed the information you will have the opportunity to approve, decline, deactivate or edit the page. **If you decline or deactivate a page, there is no reversing this decision and the donor will have to create a new FUNdraising page.**

As you approve and decline FUNdraising pages, they will appear in the "Active FUNdraisers" and "Deactivated & Declined FUNdraisers" section on the "FUNdraisers" page.
